Reiki Master,  
Animal Communicator  
& Intuitive Reader

*Starting with a lifetime of natural inclination and a strong interest toward spiritual & metaphysical realms, I have 25 years of focused study, including **Reiki, Intuitive Reading, Animal Communication, Reflexology, Crystal Healing.** I am in an open-ended, never ending process of expanding my knowledge of spiritual and healing arts, so that I can offer an ever-increasing array of healing and teaching to others.*

Does this sound like a lot? It really isn't. This is a short compilation of the skills I offer every person that contacts me for services – whether that is a Reiki healing session, talking with your loved ones in Spirit, helping you work through challenging times or communicating with your animals.

The exciting work that is taking place at this time is that I have been given the opportunity to do more one-on-one teaching as well as teaching custom classes for groups: large and small. In this way I can better meet the needs of every person in the group. Many times they are friends and have common interests and goals. More people are looking for a spiritual and energetic “step-up” in the way of receiving all three of the Reiki attunements available. Teaching in the privacy of my comfortable session room, we delve into your personal reasons for evolving and customize the teaching for your highest wishes. This can include metaphysical teachings as well as reaching into the higher realms for guidance. Clients then will become more comfortable with their energy bodies and learn to honor and love themselves first and then take that “on the road.”

**This past year I was honored to complete the James Van Praagh Mediumship Certification Course.** This is Spiritual Mediumship – bringing in your loved one in Spirit in a new way.

This year I take time to honor myself, friends, family like never before. Life is good and we're meant to be one with the Universe—filled with Love and Joy!

Take time to become a student of the Universe.
